Thank you for requesting support from the U.S. Coast Guard Institute (CGI). Whereas we serve as an activity in support of your unit Educational Services Officer (ESO), you are encouraged to seek assistance from your local ESO in your academic endeavors. The following information is provided to help you understand what is presented in this degree plan:

This document is an UNOFFICIAL Degree Plan to provide you with a preliminary assessment of how your prior learning experiences might fit into the specified degree program for this academic institution. If you choose to pursue this degree option, you must present it to a college representative, who will review it for the

following:

- o Accurate representation of the college's degree program requirements, including course numbers and titles, credit hours for each course, lower- and upper-level course requirements, and the total number of credits needed for the degree.
- o Appropriate assignment of ACE Guide-recommended credit at the lower or upper level for military service schools and occupations, CLEP, DSST, and other tests, transfer credit for courses from other colleges and universities, certification programs, etc.
- o Appropriate assignment of SOC Course Category Codes from the SOC Handbook Transferability Tables. The SOC Degree Program Handbooks can be obtained from the SOC web site at: www.soc.aascu.org should you wish to learn more about the course transfer guarantees among SOC network institutions.

IMPORTANT NOTE: When you are ready to seek admission into this degree program, please contact the USCG Institute at 1-405-954-7241. Your advisor will send the college or university an official U.S. Coast Guard Institute transcript, a copy of the degree plan, and a ready-for-signature SOC Student Agreement which, when signed by a college official, becomes a contract for degree completion committing the college or university to supporting you in your academic endeavors.

Credit for all courses you have taken must be reflected on official transcripts sent directly to this college from the administrative offices of the colleges you previously attended. This degree plan is often used for information purposes by college counselors pending receipt of the official transcripts from the source colleges.

This degree plan is not intended to compete with your local college or university. Keep in mind, you are allowed to transfer in a significant amount of the degree requirements to this institution. As such, credit from local colleges, college level examination programs, or advanced military training may be applied to this degree. You may also complete the courses necessary from this college either in residence (on campus or possibly on a military base at a campus extension in the Education Center) or through distance delivery of the courses. If you have questions, please contact the college counselor or your advisor listed at the bottom of this Degree Plan.

DEGREE PLAN LEGEND:

SH = Semester hours
VOC = Vocational, not relative to an academic degree
LL = Lower Level, i.e. courses at the Freshman/Sophomore level
UL = Upper Level, i.e. courses at the Junior/Senior level
GL = Graduate Level (sometimes recommended by ACE for very complex courses)
[#] such as [EN024A] or [EN024B] = SOC Course Category Codes*
{#} such as {DANTES Code = 01.02.03} = DANTES Academic Codes **

* SOC Course Category Codes: Service members Opportunity Colleges (SOC) is a consortium of over 1,600 accredited colleges and universities seeking to provide degree opportunities to the military. Over 170 of these institutions participate in

network degree programs developed for the Army, Navy, Marine Corps, and Coast Guard. A SOC course category number beside a course from one of these institutions, such as [EN024A] or [EN024B] for English Composition, indicates that courses from other degree program institutions with the same code may be taken to satisfy the degree requirement. See the SOC Degree Programs Handbooks at <http://www.soc.aascu.org/>

**** DANTES Academic Codes:** The Defense Activity for Non-Traditional Education Support (DANTES) publishes the DANTES Independent Study Catalog (DISC) annually, which lists more than 6,000 courses from dozens of regionally accredited colleges and universities. Because this is a degree from a SOC affiliated college, the academic residency requirements are limited, thereby allowing students to transfer in a significant portion of the degree, as mentioned above. If the course you desire to take is not offered by this institution when you want to take it, consider the opportunities the courses in the DISC present. For more information, visit http://www.dantes.doded.mil/dantes_web/distancelearning/disc/front/cont.htm Keep in mind, you should always check with the counselor or academic advisor at this institution before enrolling in a course listed in the DISC to ensure it will be accepted in transfer toward this degree.

University of West Florida: General Information:

The University of West Florida is one of 11 State Public Universities. Our main campus is located on 1600 acres of nature preserve adjoining the coastal waterways of Northwest Florida. The University was established by Florida Legislature in 1963 conferring degrees upon our first UWF graduates in the Spring of 1969. Today, UWF enrolls more than 10,000 students in our College of Arts and Sciences, College of Business, and College of Professional Studies each year. To date, UWF has conferred over 60,000 Associate's, Bachelor's, Master's, Specialist, and Doctoral degrees.

The University of West Florida recognizes the formidable barriers experienced by many military personnel in their pursuit of a college degree. As a part of the University's continuing commitment to educational opportunities for the military community, UWF accommodates military men and women in their quest for Bachelor's, Master's, Specialist, or Doctoral degrees with individualized student support. In conjunction with UWF's Online Campus many departments have agreed to offer degrees through a system tailored to the specific needs of the military community.

The University of West Florida has built a reputation for offering quality degree programs in a student centered learning environment. The Online Campus strives to bring this same quality of instruction and attention to our students. You will have greater freedom and more responsibility for your own instruction. The multimedia approach to the instructional content employed online often addresses a wider range of student learning styles than do most forms of traditional classroom instruction. Studies indicate the multimedia approach encourages students like yourself to become more active participants in the learning process performing better and remembering more. UWF's Online Campus is designed to help you plan your educational experience -- from application, to registration, to course completion, to graduation, and to joining the ranks of our proud UWF Alumni.

POLICY NOTES:

The College-Level Academic Skills Test is designed to measure the level of student achievement of communication and computation skills. Prior to receiving an A.A. degree or achieving upper-division status and earning a bachelor's degree, students must satisfy the CLAST requirement.

All undergraduate degree-seeking students are required to satisfy the CLAST requirement after completion of 18 semester hours and prior to completion of 60 semester hours. Students who have completed 36 semester hours of 3000/4000 level courses and who have not met this requirement may be limited to registration of 1000- and 2000-level courses.

Florida Statutes require that students admitted to a Florida public university meet the foreign language requirement for demonstrating competency in a foreign language. Students who have earned an A.A. degree from a Florida public community college may be admitted to the upper division but must demonstrate competency prior to graduation with a baccalaureate degree.

Earning two credits of a single foreign language in high school or one credit in high school and the second semester (four semester hours) of the same foreign language at an accredited postsecondary institution demonstrating proficiency through the second level.

Students completing 8-10 semester hours of American Sign Language with passing grades will have satisfied the foreign language admission requirement.

No more than 60 semester hours of non-traditional credit may apply to this degree.

Students must complete 48 semester hours of Upper Level coursework through UWF.

This college is rated as one of the nation's best in U.S. News & World Report's "America's Best Colleges" issue.
